

BALIVADA RAMA CHARAN

B.Tech CSE Student | Aspiring Software Developer | Java • Spring Boot • REST APIs • AWS Cloud

ramacharanbalivada2006@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Motivated Computer Science Engineering student with hands-on experience in Java, JavaScript, and cloud fundamentals (AWS), building responsive web applications and working within Agile, SDLC-aligned development workflows. Strong grounding in Data Structures & Algorithms, databases, and Git-based version control. Focused on developing backend and full-stack proficiency (REST APIs, Spring Boot, SQL) to deliver scalable, production-quality software.

EXPERIENCE

Web Developer Intern — Dexterity

Feb 2025 – Apr 2025

- Improved page responsiveness and reduced UI bugs across **[X]** pages/features by refactoring HTML, CSS, and JavaScript codebases, cutting reported UI issues by **[Y]**% through systematic debugging and Git-based version control.
- Increased team delivery speed on **[X feature/sprint]** by collaborating in an Agile-style workflow, syncing daily with 2–3 team members to ship updates within sprint deadlines.
- Enhanced site usability, measured by **[reduced bounce rate / faster load time by Y%]**, by redesigning navigation and interface elements following SDLC-aligned testing and review cycles.

AWS Cloud Computing Trainee — APSSDC

Oct 2024

- Built foundational cloud deployment competency, validated through **[certification score / capstone project]**, by completing hands-on labs across EC2, S3, and IAM covering compute, storage, and security fundamentals.
- Strengthened understanding of scalable architecture principles, applied in **[X lab exercise/mock deployment]**, by designing cloud infrastructure scenarios aligned with AWS Well-Architected practices.

PROJECTS

- Portfolio Website** — Designed and deployed a responsive personal portfolio (HTML, CSS, JavaScript) showcasing projects, certifications, and technical skills; live at [personal-polished.lovable.app](#).
- Real-Time Cricket Scoreboard** — Built an interactive scoreboard with dynamic score updates using HTML, CSS, and JavaScript, handling real-time state changes on the client side.
- E-Commerce Website** — Designed a responsive online shopping platform with product listings, filtering, and user-friendly navigation using HTML, CSS, and JavaScript.
- Student Performance Analysis** — Analyzed educational datasets using Python and SQL to identify performance trends, producing summary reports and visualizations.

TECHNICAL SKILLS

Languages	Java, JavaScript, Python, SQL
Web	HTML5, CSS3, JavaScript, Responsive Web Design
Core CS	Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, SDLC
Cloud & Tools	AWS (EC2, S3, IAM), Git, GitHub, Agile/Scrum, IntelliJ IDEA, VS Code
Soft Skills	Problem Solving, Teamwork, Communication, Analytical Thinking
Languages	English, Telugu

EDUCATION

Sir C.R. Reddy College of Engineering, Eluru

B.Tech – Computer Science Engineering

2023–2027 | CGPA: 7.9/10

Sri Chaitanya Junior College

Intermediate (MPC)

2021–2023 | 93.9%

De Paul School (ICSE)

Class X

2020–2021 | 80%

CERTIFICATIONS

- Google Data Analytics Professional Certificate
- AWS Cloud Computing (APSSDC)
- Tata IAM Virtual Experience Program (Forage)

ACHIEVEMENTS

- Maintained a **[X]**-day/week consistent GitHub contribution streak, reflecting ongoing self-directed learning outside coursework.
- Ranked in the **[top X%]** of B.Tech CSE cohort with a 7.9 CGPA while balancing internships and certification coursework.
- Completed 2 self-initiated virtual experience programs (Tata, AIG) in IAM and cybersecurity, beyond academic requirements.
