Professional Summary

Computer Science and Engineering undergraduate with hands-on experience in **Java, Python, JavaScript, SQL, React.js, Spring Boot, PostgreSQL, MongoDB, AWS, and REST APIs**. Experienced in developing full-stack and responsive web applications through projects and internships, including a **Real Estate Due Diligence Agent** and a **real-time cricket scorecard**. Strong foundation in **Data Structures & Algorithms, Object-Oriented Programming, DBMS, API Integration, and Authentication**, with experience collaborating in frontend, backend, and database teams.

Education

SIR C.R. REDDY COLLEGE OF ENGINEERING

Bachelor of Technology in Information Technology

Nov 2023 – Present

CGPA: 7.85

Work Experience

Frontend Developer – Infosys Springboard Internship 2026

2026

- Contributed to the **Real Estate Due Diligence Agent**, a team-based full-stack application for property search and due-diligence workflows.
- Engineered 5+ React.js interfaces** using Tailwind CSS for authentication, dashboard, property search, inspection, and user profile workflows.
- Coordinated across **3 technical teams** on REST APIs, authentication flows, and PostgreSQL integration.

Cloud & DevOps Intern – DataValley

2026

- Applied **5+ cloud and DevOps technologies/practices**, including AWS, cloud computing, Git, GitHub, and deployment workflows.
- Strengthened practical knowledge of version control, cloud-based application delivery, and collaborative software development.

Projects

Real Estate Due Diligence Agent

React.js, Tailwind CSS, Spring Boot, PostgreSQL, REST APIs

- Designed an enterprise-style frontend for property due-diligence workflows using reusable React.js components and Tailwind CSS.
- Implemented **4+ frontend capabilities**, including form validation, routing, API service layers, and responsive light/dark UI patterns.
- Connected the application with **Spring Boot REST APIs** and PostgreSQL-backed workflows using Axios.

CRICKIES – Live Cricket Scorecard

React.js, JavaScript, SportMonks API, WebSockets

- Created an interactive cricket scorecard supporting **2 innings** and ball-by-ball score input.
- Implemented **4+ match features**, including run-rate calculations, real-time socket updates, local persistence, and graphical match statistics.
- Integrated the SportMonks Cricket API to retrieve live cricket data and update match information.

Certifications & Training

- AWS Cloud Practitioner Essentials** – AWS Training & Certification, May 2026
- Google AI Essentials** – Google / Coursera, May 2026
- DataValley – Cloud & DevOps Internship**
- APSSDC – AWS Cloud Computing**

Technical Skills

Programming Languages: Java, Python, JavaScript, SQL

Web Development: HTML5, CSS3, React.js

Backend Development: Node.js, Express.js, Spring Boot, REST APIs

Databases: PostgreSQL, MongoDB

Cloud & DevOps: AWS, Git, GitHub

Tools: VS Code, Postman

Core Concepts: Data Structures & Algorithms, OOP, DBMS, API Integration, Authentication

Relevant Coursework

Data Structures and Algorithms • Object-Oriented Programming • Database Management Systems • Operating Systems • Computer Networks • Software Engineering
